**Mosenergo heat sales grew by 2% in January-September 2017;
electricity output was in line with 9m2016**

PJSC «Mosenergo» publishes its operational results for the nine months of 2017.

Company's thermal power plants produced 40.97 bln kWh of electricity, which stay at the previous period level - 40.94 bln kWh in 9 months of 2016.

Heat output grew by 2%, up to 51.9 mln Gcal (50.9 mln Gcal in 9m2016). The growth of this indicator achieved due to wider heating season in comparison with the previous year and lower average temperature in inter-heating period.
